Check your calendar for date and time or speak to the activities director if you're interested in joining.

Health & Wellness

Self-Care Corner: Dose of Daylight

Did you know sunlight is a natural mood booster? As spring starts, take advantage of longer daylight hours and schedule time for sunshine, whether it's eating lunch outdoors or going for a walk after dinner. Research shows that letting sunlight hit your eyes can raise levels of serotonin, which helps keep you calm, and regulate your sleep cycle.
